

System Accessories

Datalogger

E-Manager pro

Product Features

Secure encryption

- Various data transfer encryption of TTPS, TLS, MDS, and WAP2 etc, ensures data safety and user privacy

Strong adaptability

- Up to channels of RS-485 and 2 channels of CAN communication, which adapt with different devices.

Flexible maintenance

- It supports remote upgrading software of data loggers and devices, also remote setting parameters, which effectively reduces cost. support Wi-Fi, Ethernet or 4G communication.

Technical Specification

Items	E-Manager pro
Communication Mode	
Wifi communication	IEEE802.11b/g/n, 2.4GHz, up to 150 Mbps
4G communication	LTE Cat.1/LTE Cat.4,
Ethernet communication	10M bps/100M bps
RS485 communication	RS485*2, 9600 bps 8/N/1 (Default)
CAN communication	CAN*2, 100/200/250/500/800/1000 Kbps
I/O interface communication	DO*4 (16A@250Vac /10A@24Vdc), DI*4
Power Supply	
DC input	5~12Vdc/5~60Vdc, Max current 1.3A
General	
Max. number of devices	20
Display	LED*4
Operating Temperature	-20~60°C
Relative air humidity	5%~95%RH
Elevation	4000m
Protection class	IP20
Dimensions (W * H * D)	97*81.5*45mm
Weight	260g
Mounting type	Top-hat rail mounting
Certification	CE

- Specifications are subject to change without prior notice.
- IO and CAN are optional.
